

**ARIENS**  
THE KING OF SNOW

# POWER BRUSH SERIES

No one has seen it for days. Weeks, even. But you know it's down there somewhere. Down beneath the snow and the ice and the sludge – is the pavement. You could salt, you could scrape, you could wait for an elusive ray of sunshine.

Or, you could be a pro and rescue that path in a single pass. With the Ariens Power Brush®, cleaning clear to the pavement is a cakewalk. Automatic traction control, infinite speed control and height and brush angle adjustment makes it easy to just grab the handle, take control and clear the way.

### THERE IS NO OFF-SEASON

Any surface. Any season. When it comes to clearing stuff from the pavement, our power brushes aren't particular.

### BRUSH IT OFF

Give salt the day off and get straight down to the surface to save money while meeting your green initiatives.

### BRUSH THOROUGHLY

With a 40-degree brush head rotation, operator-controlled pivot lock and a height adjustment system, dirt and debris have no place to hide.
