

# COMPACT SERIES

## TAKE THE SNOW BY STORM.

Don't let its size fool you, there's a lot of power packed into every Ariens® Compact. It was designed to be easy enough to take out for a light dusting of snow and reliable enough to tackle up to 59 tons per hour. The Compact Series is designed for effortless agility without sacrificing legendary Ariens power.

Since I've had my Ariens, I actually look forward to big snowstorms!
