

# PATH-PRO<sup>®</sup>

## SERIES

## WHEN THE SNOW FALLS, RISE TO THE OCCASION.

The Path-Pro is ready to stand up to any snowfall. Its reinforced rubber paddles and adjustable scraper bar easily handle up to nine inches of snow. With its tireless Ariens AX engine, the Path-Pro can throw 57 tons of snow every hour. And with its folding handlebar, it can be stored in tight places, making it perfect for smaller properties.

I love my Path-Pro, it's the perfect size for me and my wife. It's easy to use and always gets the job done!
